WELCOME TO BUSHONG FOODSERVICE EQUIPMENT

Since our inception over 20 years ago, **Bushong Foodservice Equipment** has prided itself on delivering the highest quality and best value to our customers. This philosophy has helped us grow into an industry leader, distributing a wide range of foodservice equipment and restaurant supplies worldwide.

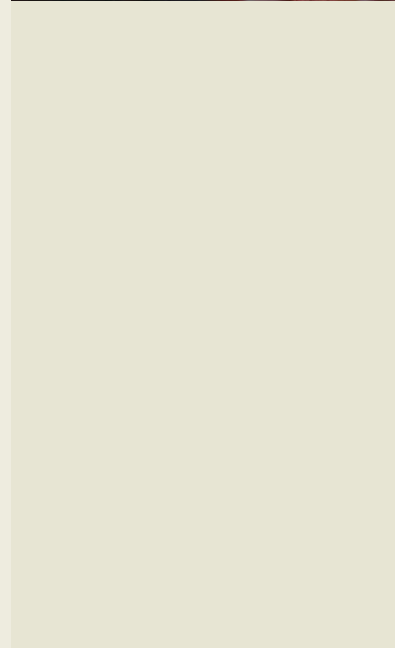

As our many satisfied customers have come to know, **Bushong Foodservice Equipment** offers not only products and services on which you can depend, but also a convenient, cost-effective partnership that will help your business succeed.

We hope you enjoy learning more about **Bushong Foodservice Equipment** on the following pages. The accompanying advertisements from our valued suppliers enhance the picture of who we are, and we thank them for their support in the development of this project.

If you have any questions or would like to learn more about what **Bushong Foodservice Equipment** has to offer, please feel free to call us at 800-960-6010 or visit our website at www.bushongequipment.com.

Sincerely,

The Bushong Family

WHO WE ARE

Bushong Foodservice Equipment supplies some of the world's largest kitchens with everything needed to prepare, cook and serve food and beverages. Founded in 1985 by Janet and Dan Bushong and their two children, the business today is as much a family affair as ever, with Dan, daughter Danielle Bushong-Boyce, and son-in-law Jon Boyce making sure personalized service remains a priority.

We began operating from a small warehouse, serving local restaurants. **Bushong Foodservice Equipment** now has two stores—one in Dayton and one in Cincinnati plus a 57,000 square foot warehouse to serve our expanding customer base. We not only sell equipment, but also help design institutional and restaurant kitchens as well as the occasional home dream kitchen. And while we are based in the Midwest, we have grown to have a global presence in the industry.

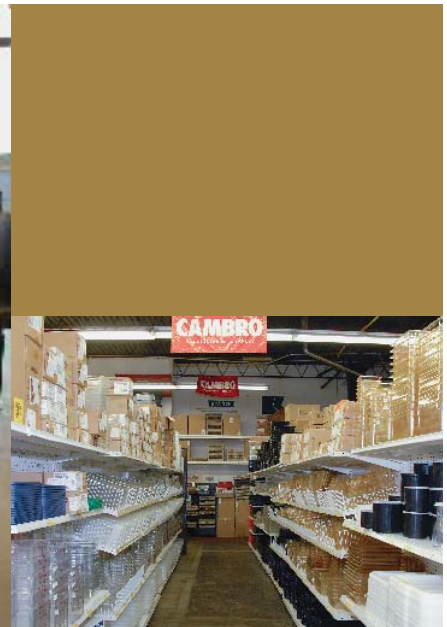

Our commitment today, as when **Bushong Foodservice Equipment** was founded, is to treat every customer as an extended part of our family. We will never try to sell you more than you need, and we guarantee everything we sell. **Bushong Foodservice Equipment** is proud to help you feed your community!

EVERYTHING INCLUDING THE KITCHEN SINK! BUT THE FOOD ITSELF

From soup tureens to steamers and woks to walk-in freezers, **Bushong Foodservice Equipment** has everything needed to prepare any item on your menu. Whether you serve thousands of students and faculty from multiple cafeteria locations, prepare gourmet ethnic cuisine in an exclusive club, or cater to the local crowd stopping by for breakfast before work, we have just the right appliances and a wide selection of all the equipment you need. In addition, **Bushong Foodservice Equipment** offers used and reconditioned equipment for even greater savings.

Our product line extends into the dining room with a full line of booths and tables, china and silverware, uniforms, linens and decor to complement the atmosphere of your facility. Whatever you need, **Bushong Foodservice Equipment** stocks and can get it to you quickly. We utilize our own trucks to ship locally, and can ship any item anywhere UPS delivers.

KITCHENS BY DESIGN

Thinking of expanding or renovating? Or maybe you're building something new from the ground up. Our contracts division can help design your preparation, cooking, serving, dining, cleanup and storage areas for maximum efficiency and aesthetic appeal. We won't just put the ideas on paper, either. We can pull the permits, arrange for the electrical and plumbing work, monitor the inspection process and make sure your certificate of occupancy is in your hands before opening day.

Whether you run a massive institutional kitchen or want the world's greatest home kitchen, our design team knows what works best. They also know that inefficient traffic patterns waste time and money. **Bushong Foodservice Equipment** wants your kitchen to work for you!

THE LATEST IN FOODSERVICE TECHNOLOGY

Your reputation rides on your ability to provide safe, wholesome, delicious food quickly and at a reasonable price. At **Bushong Foodservice Equipment**, we stay up to date with foodservice technology developments, offering you the latest in infrared pizza ovens, holding units to keep food at safe temperatures and blast chillers to bring food temperatures down quickly so bacteria doesn't form. Every piece of equipment we sell carries the National Sanitation Foundation seal of approval.

At the same time, we know how easy it is to be carried away with gadgets and gizmos. We know you work hard and will apply our expertise to help you make the best choices for your equipment budget.

CONSULTATION SERVICE

Are your prep people pushed to the limit since you expanded your dining area? Or maybe you want to add organic foods to your menu, but first want to know what changes may have to be made in your kitchen. Let **Bushong Foodservice Equipment's** expert staff help you evaluate how your business operates.

Our consultation fee includes first-hand, objective observation of your operations, efficiency reports, and suggestions as to what you may want to add or eliminate. Our consultants have years of experience in the foodservice industry and can accurately assess your needs and help plan for future growth.

ROUND-THE-CLOCK ORDERING CONVENIENCE
